**"BILLY" SUNDAY GETS
\$32,358 AT TRENTON**

Evangelist Returns Home
Leaving 17,000 "Trail
Hitters" Behind Him.

News-Times Special Service:
WARSAW, Ind., Feb. 22.—

"Billy" Sunday has arrived home here at Winona lake after conducting one of the most successful revivals in his evangelistic record. At Trenton, N. J., where his last campaign was conducted he left behind him some 17,000 "sawdust trail hitters," and took with him about \$32,358.92 in contributions.

The evangelist wound up his last service at the Trenton campaign with 14,000 persons crowded into the tabernacle. Before leaving the platform Sunday was presented with a check for \$17,000 as the city "free will" offering.

Last Sunday at the New Jersey city Sunday preached to 40,000 persons, this making a total of \$20,000 who heard him in the 42 days he held meetings in the big tabernacle. The evangelist will remain at Winona lake only a few days preparatory to his leaving Friday or Saturday for Baltimore, Md., where he will open a campaign on Sunday evening, Feb. 27.

Rev. Milford H. Lyon, who also makes his home at Winona lake, has returned from Wilmington, Pa., where he conducted a revival campaign. He made 5,000 converts and secured a \$10,000 free will offering.

FRUIT GROWERS MEET

Noted Speakers Will Address Berrien County Society.

News-Times Special Service:
BENTON HARBOR, Mich., Feb. 22.—

Dr. Eben Munford of the department of agriculture, Washington, university of Wisconsin; F. E. Gladin, horticulturist in charge of the New York experiment station; Edwin S. Merritt, sales manager of the Hiram company, one of the largest cooperative growers in the country; George F. Leonard, field entomologist of the Kentucky Tobacco Products company; M. H. Pansley, organizer of the Southern Michigan Fruit association, are billed as speakers at the big two-day meeting of the Berrien County Horticultural society to be held here Feb. 24 and 25.

An organized effort will be made to engage a farm expert for this section. The growers say that in a normal year the fruit industry brings into the twin cities approximately \$2,500,000.

**DOCTORS O. K.
NIGHT AIR**

Urge Sleeping With Windows Open

If you want red cheeks in the morning, have your bedroom windows well open all night—thus do the modern physicians dispose of the old superstition about the miasma of night air. Fresh air and open bowels are the first and foremost health aids. If nature needs assistance in the shape of a laxative do not take drastic pills or purges. They only make things worse. Instead take a mild laxative like Castor-Jell, which is simply old, reliable Castor oil in pleasant tasting jelly form. It can be obtained at Chicago County Co. and Ralph H. Kous drug stores. The Castor Products Co., Cleveland, O.—Adv.

**HERE'S NEW VIGOR FOR
OVERWORKED STOMACHS**

K. Wetick, the popular druggist, has been in the drug business long enough to have his own opinion of the best way of selling medicines. He says the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest he has ever heard of. He doesn't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Mr. Wetick and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to sell him so and he will return your money.

Hundreds of people have been relieved of stomach troubles by using this remarkable remedy. It is not simply a good digestor; it is a medicine that puts all of the digestive organs into normal condition and gives ready, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na and its continued use will soon give the power to eat anything at any time and not suffer distress afterward.

Mi-o-na is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attendant evils. Use Mi-o-na and see how much more there is in life.—Adv.

**CLAIM BONES FOUND
BURIED IN CELLAR**

Sheriff Searches Benton Harbor Farm for More Murders.

News-Times Special Service:
BENTON HARBOR, Mich., Feb. 22.—

Sheriff Franz and several deputies Monday began a thorough search of the Rector farm, six miles south of here to determine if possible whether more than one murder has been committed on the premises.

Teofil Zdrovski, his wife and Alex Metelski, under arrest for the murder of Tony Sandrovich whose body was found Saturday under a chicken coop on the Rector farm, six miles from here, confessed their guilt Monday night, according to a statement made by Sheriff Franz. The two men told the officer they made Sandrovich drunk with alcohol and after he went to bed they took turns beating him over the head. Before attacking the victim they wrapped a blanket about his head to avoid bloodstains.

The body of Tony Sandrovich, a farm hand who was reputed worth several thousand dollars, was found Saturday buried under the chicken coop. According to the Chicago police, Mrs. Teofil Zdrovski confessed that the crime was committed by her husband and Alex Metelski. An axe was used, a grave was dug before the victim was killed and robbery was the motive, it is alleged.

Since the disclosure, it is claimed that human bones have been found buried in the cellar of a building on the farm.

GLAD SHE TOLD.

CHICAGO, Feb. 22.—Teofil Zdrovski, his wife, Josephine, and Alex Metelski were taken by authorities of Berrien county, Mich., Monday to St. Joseph, Mich., where charges of murder have been placed against them in connection with the killing of Tony Sandrovich. Mrs. Zdrovski, who the police say has charged her husband and Metelski with the murder of Sandrovich, said as she departed:

"I have been happy ever since I told it."

SUSPEND 50 AT DEPAUW

25 Greencastle High School Pupils Also Expelled.

GREENCASTLE, Ind., Feb. 22.—

An upheaval in local school affairs occurred Monday when 50 DePauw university students were suspended from school for a week and were sent to their homes for violating the college rule against dancing, and 25 Greencastle high school pupils were expelled for an indefinite period for maintaining a chapter of a Greek letter fraternity. Names of the

violators of the rules were not given out.

**CATARRH CAUSED
BY A GERM**

Must Be Destroyed Before Catarrh Itself Can Be Cured. Wonderful Results from Breathing Medicated Air.

Medicine that acts on the blood alone will never cure catarrh. Air neither will the sprays, douches, lotions, creams and other temporary remedies that so many catarrh victims make a habit of using. To cure catarrh so it won't come back you must first drive from your body the millions of germs that are flourishing there that lodge in the nose, throat and throat and are causing the disease.

There is a preparation said to do this called Hyomel (pronounced High-o-mel). Hyomel is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomel through the mouth and nose by means of a little hard rubber inhaler which hygienists furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen inflamed membranes, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. It gives blessed relief in five minutes from catarrhal distress of every kind and if you make a practice of breathing Hyomel for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish but the disease itself will be a thing of the past. No one need try to buy Hyomel of the cheap "Wetick's Original Cut Rate Medicine Store" and many other leading druggists in South Bend and vicinity sell it with a positive guarantee that it will cure catarrh or that the money paid for it will be refunded. Hyomel is very inexpensive and with this protective guarantee behind your purchase there is absolutely no reason why any sufferer from Catarrh should not give it a fair trial.—Adv.
